Tony Prosser : Law and the Regulators before purchasing it in order to gage whether or not it would be worth my time, and all praised Law and the Regulators:

Tony Prosser offers a comprehensive report on the legal and practical decision-making procedures of the UK's regulators of privatized industries, transport services, civil aviation, and independent broadcasting. The study is particularly concerned with the increases in competition and the quests for economic efficiency emblematic of these areas, and attempts to assess them alongside such recurrent social goals as the provision of universal public service.
