Steven L. Emanuel, William P. LaPiana : Law in a Flash: Future Interests 2011 before purchasing it in order to gage whether or not it would be worth my time, and all praised Law in a Flash: Future Interests 2011:

0 of 0 people found the following review helpful. These were very useful. However By Fitnessgyrl These were very

useful. However, be careful there are some flash cards in here that are wrong. If you know future interest you will notice which ones are wrong and can adjust accordingly. 1 of 1 people found the following review helpful. These helped me learn Future Interests, Especially RAP! By Alex If you have heard of RAP, chances are you may not understand it. I recommend using these cards for learning the ins and outs of future interests. 0 of 1 people found the following review helpful. It has what you need By gentle benj They're expensive, but they covered everything about future interests that my professor did, and then some. There were plenty of cards I didn't use, but I just skipped them. Flash cards are the way to go, and the explanations on the back were very specific. Again, sometimes more than you need, but you just take what you need and move on. I bought this and the Real Property set and I had a good handle on Property by the time I walked into the exam.

Study anytime, anywhere! Law in a Flash comprehensive flash cards are ideal for reviewing legal topics point by point. Each card has a concise question on one side and an accurate answer on the reverse side. These cards are the only product of their kind. Law in a Flash Card Features: Only product of its kind Test your knowledge of black letter law Apply the law to hypothetical examples Use individually or in group sessions Use them anywhere, anytime Great for exam prep
