Annie Clement, John Grady : Law in Sport: Concepts and Cases (Sports Management Library) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Law in Sport: Concepts and Cases (Sports Management Library):

This 4th edition uses up-to-date and specific case examples to illustrate laws that apply to sport-related conflict. Throughout this reader-friendly text, students will become familiar with the basics of tort, constitutional, and business law. The new edition includes updated chapters, as well as an entirely new section devoted to risk and disaster

management, which covers terrorism, storms, and other unforeseen events. The book also presents detailed analyses of Title IX and NCAA contemporary litigation, and a thorough exploration of gender equity. *Law in Sport* is a must-read for students interested in pursuing a career in sport management.
