William H. Harbaugh : Lawyer's Lawyer: The Life of John W. Davis before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lawyer's Lawyer: The Life of John W. Davis:

2 of 2 people found the following review helpful. Concise and Well Written By Phyllis J. Moore John W. Davis came from an extremely gifted family of West Virginians. His only child, Julia, is one of the state's revered writers. Davis is shown truthfully in this work as man his parents forged to their liking. I did not agree with many of his positions on issues such as integration and suffrage and appreciate this balanced work related to his life and career. True fans of Davis might enjoy reading Julia Davis's account of life with her career minded father in "Legacy of Love" and "The Embassy Girls". 0 of 0 people found the following review helpful. Memorable Biography of one of the Last Jeffersonian Democrats By Kevin M. Derby William H. Harbaugh offers an informative and readable look at the life of John W. Davis in this excellent biography. Davis is something of a forgotten figure in American history. While he's probably best known for being the dark horse who emerged in the disastrous 103 ballot Democratic convention before being run over by Calvin Coolidge in the 1924 presidential election, Davis' career goes far beyond it. One of the best attorneys in American history, Davis was also a congressman from West Virginia, solicitor general and ambassador to England under President Wilson, a leading critic of the New Deal and an attorney who was active on several fronts ranging from leading the charge against President Truman's efforts to nationalize the steel industry to being on the losing side of the Brown vs Board legal fight. What emerges is a portrait of a Jeffersonian Democrat, perhaps one of the last ones. Harbaugh traces his subject's career with great skill, showing the private man as well as the public one. It's a fascinating story and one that extends decades of American history. Harbaugh mines the primary

sources to present a memorable picture of a lawyer and politician who played a far more important role in American life than people remember. 0 of 0 people found the following review helpful.
