William N., Jr. Eskridge, Philip P. Frickey, Elizabeth Garrett : Legislation: Statutes and the Creation of Public Policy, 3rd Ed. (American Casebook Series and Other Coursebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Legislation: Statutes and the Creation of Public Policy, 3rd Ed. (American Casebook Series and Other Coursebooks):

0 of 0 people found the following review helpful. everyone in my class hates this book - including the professorBy stellaThis book is universally reviled by nearly all the 1Ls at my school (where Legislation is taught to first years). It's

extremely long, boring, HUGE, and very difficult to get through, especially when you have to read large chunks at a time for class each week. There's comparatively few cases. The authors say in twenty words what they could easily express in two, and unless you REALLY need to know that senator Clair Engle was suffering a brain tumor when he voted for cloture during the passage of the Civil Rights Act, the authors go into way more detail than you will ever need as a 1L. The only good thing about this book is that it solved my insomnia problem - it puts me to sleep every time. 4 of 17 people found the following review helpful. a laugh riot By Umar Farooq This book was an utter delight to read -- I keep it on my bedside table, and give myself the treat of a chapter each night. You wouldn't think that a book on legislation could have that impact, but Eskridge makes the topic fun and riveting, at once.

Contains an introduction to legislation; descriptive and normative theories of legislation, including procedural theories of legislation, pluralism and interest groups, and institutional theories of legislation; Title VII: interpretive issues and political theories, the Supreme Court's decision in *Griggs*, affirmative action *United States Steelworkers of America v. Weber* and *Johnson v. Transportation Agency, Santa Clara County*; legislative drafting; representational structures, structures of legislative deliberation; statutes as a source of public policy in the United States; theories of statutory interpretation; doctrines of statutory interpretation; and the implementation of statutes.
