**From American Bar Association :** **Litigating Animal Law Disputes: The Complete Guide for Lawyers** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Litigating Animal Law Disputes: The Complete Guide for Lawyers:

2 of 2 people found the following review helpful. Great book, helpful samples  
By Shelby  
This book was a supplement for my animal law class. I highly recommend it-- it has very useful samples for all kinds of forms and pleadings in animal law. I think their samples are better than other supplements I've used. I'm keeping the book with the hopes that someday I'll need it in practice.

This is a fast-growing field of law, and today more and more lawyers are finding they have cases that deal with animal law. This one-stop resource contains every major aspect of private civil and criminal litigation of animal law disputes. The book also contains sample litigation documents, discovery materials, expert information and more. It's the one resource every lawyer who engages in animal law needs.
