**Douglas Slain : Marijuana Money** before purchasing it in order to gage whether or not it would be worth my time, and all praised Marijuana Money:

Three recent events will prove seminal in the to-be-written history of the industry and finally announce a pathway for investors and entrepreneurs, sometimes now referred to ganjapreneurs or cannabusinesses. The U. S. Department of

Justice has said it will not interfere with marijuana retail sales as long as all rules are followed and all taxes are paid. The U.S. Treasury Department's Financial Crimes Enforcement Network issued formal guidance to banks on how to do business with marijuana companies. About the Author Author Douglas Slain In 2009 Slain launched a monthly law reporting service, Securities Enforcement Reporter, and a quarterly, Blue Sky Chronicle, both titles focusing on the under-reported state hearings of private placements gone astray. These publications print versions are no longer extant but their mission and community of interest live on through a growing 1400-member discussion group, known as LinkedIn's State Securities Enforcement Discussion Group. Slain has been asked to serve as an expert witness in litigation that turned, in part, on compliance with SEC Regulation D. Slain also has a working relationship with several members of North American Securities Administrators Association (NASAA). Slain received his J.D. from Stanford Law School in 1970.
