George Fox : Medicare Entitlements Exposed: How the Medicare Savings Account Will Change Healthcare Delivery in America before purchasing it in order to gage whether or not it would be worth my time, and all praised

Medicare Entitlements Exposed: How the Medicare Savings Account Will Change Healthcare Delivery in America:

0 of 0 people found the following review helpful. Great plan, but does it actually exist?By LEAPSThe Medicare Savings Account program is a great idea, but does it actually exist anywhere? Does an insurance company actually offer this plan? It doesn't appear so here in southern Indiana. I am a few years from retirement, and as an HSA user, this is the plan I will want when I reach 65. Insurance companies: Please offer it!

There are seemingly endless uncertainties in life. One thing is almost certain for Medicare beneficiaries; you will face an unexpected health event. In the Medicare environment there are only really two ways in which you can eliminate the risks imposed by original Medicare coverage. In this book I outline how these options emerged in legislative history, their comparative strengths over all other plans in the market, and the practical steps you can take to use those options to your advantage.

About the AuthorGeorge Fox was born on Long Island, New York, and has worked in the insurance industry for more than 25 years. His extensive knowledge of insurance and years of real world experience enable him to craft innovative solutions to people's everyday risks. Holding a degree in Business Administration from State University of New York, he also has state licenses for his fields of practice.
