Michelle Obama - In Her Own Words - A book of thoughts from the woman destined to be our First LadyBy Chris BMichelle Obama has made quite an impact on the political scene and a name for herself apart from that of her illustrious husband, the President of the United States. As the wife of a Senator and First Lady, her words are taken down, measured, criticized and printed at every twist and turn in the road. Here are her thoughts and opinions on everything from growing up poor but hopeful, race relations in America, raising children in today's world, being married to a political powerhouse, changing the world and every other subject she has been good enough to share with us throughout her career and lifetime thus far.0 of 0 people found the following review helpful. Very thin soup. I expected sooooo much more, ...By Ron HeardVery thin soup. I expected sooooo much more, and could have found soooo much more of brilliance from Ms. Michelle on my own. This appears as if Ms. Rogak took a weekend off and pulled this together. You buy a clinker every now and again.
