Now that I'm licensed, I still keep an updated version on my reference bookshelf. It is simply a must have resource for any agent who dares to practice real estate in today's ever-more complex regulatory environment. I buy an updated copy at least every three year. In a profession which even the National Association of REALTORS says is hobbled by incompetence and unethical behavior, "Modern Real Estate Practice" is a guiding light.0 of 0 people found the following review helpful. GoodBy VictoriaSuperior School of Real Estate in NC is known for their great pass rate and so I ordered the book because they require that you read the first three chapters before you start the class. They prefer an earlier edition to the same book I am using but I have been told that the newest just has more info to help you study. I plan to start the class in May. I am very nervous and don't know what to expect. So, anyway I started reading and I am on Chapter 2 which seems forever long. I wish that particular chapter had been broken up but other than that I like the book so far and it came quickly with no problem.1 of 1 people found the following review helpful.
