Using this textbook, I taught the Real Estate Salesperson course 2005-2006, in a New York city firm four times, with 19, 26, 7, 18 enrolled. One of these classes has all Chinese students. They hardly speak English. They need to use Chinese dictionary to translate the buzzwords. Yet, two people passed the English text, and

got their NYS Salesperson license! I trust they are closing deals in Manhattan now. 1 of 1 people found the following review helpful. Great Book For The Real Estate Novice By KC in New York This book is well-written and I found it easy to understand. It is well-organized and contains loads of information essential to selling real estate in New York. The questions at the end of each chapter are in my opinion, more difficult than those on the state exam. Don't expect these same questions on your state test. Also, I purchased two other books to use as study guides for the state exam because this book doesn't quite fully prepare you, especially if some time has passed since you finished your course hours and when your state exam appointment is scheduled. 0 of 0 people found the following review helpful. Four Stars By FiveSeven Needed it for a test. It worked as advertised. It is a book.

Modern Real Estate Practice in New York, 8th Edition is the latest update of the book that educates more New York real estate students than all of its competition combined. The book contains the material necessary for both salesperson and broker students. Some distinguishing features/benefits: * Margin notes to help students find key topics and crucial material. * An expanded math section to give students a better opportunity to ensure that their skills are ready for the real world. * More than 625 review questions. * Both salesperson and supplemental broker level chapters And more!
