**Richard Theodore Ely : Monopolies and trusts** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Monopolies and trusts:

This book was originally published prior to 1923, and represents a reproduction of an important historical work, maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads to sub-optimal results (frequent typographical errors, strange characters and confusing formatting) and does not adequately preserve the historical character of the original artifact. We believe this work is culturally important in its original archival form. While we strive to adequately clean and digitally enhance the original work, there are occasionally instances where imperfections such as blurred or

missing pages, poor pictures or errant marks may have been introduced due to either the quality of the original work or the scanning process itself. Despite these occasional imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing customers with access to the best possible historical reprints. We appreciate your understanding of these occasional imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the original publisher.

About the Author Richard T. Ely (1854-1943) entered Dartmouth College and later Columbia University, where he graduated in 1876. He received his Ph.D. from the University of Heidelberg. In 1881 he was appointed to the chair of Political Economy at The Johns Hopkins University, which he retained until 1892 when he went to the University of Wisconsin as the first Director of the School of Economics, Political Science and History. He was the teacher and mentor of both John R. Commons and Wesley C. Mitchell. He was the author of numerous books and journal articles, and a founder of the American Economic Association (1885).
