**Oak Summers : Murder Musiq** before purchasing it in order to gage whether or not it would be worth my time, and all praised Murder Musiq:

When a freak accident cost Deon Davis his opportunity to play in the NBA, he obtained a job at an insurance company and resigned that his days of excitement were over. However, once policy holders across the country began dying in a series of unexplainable, unrelated murders; he was thrust in the spotlight again. FBI agent June Franklin has been assigned to the case, and everyone has become a suspect. And the only clue she has is the music... (Soundtrack is included with the novel)

About the AuthorOak Summers was born in Chicago, IL., and began his career as a songwriter, before honing his writing skills at Savannah State University, where his works were published weekly in the university newspaper. From

then he began writing a series of short stories, until his debut novel *A Hustler's Legislation* was published in 2006.
