**From Brand: CRC Press : Organizational Behavior and Public Management, Third Edition, Revised and Expanded (Public Administration and Public Policy)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Organizational Behavior and Public Management, Third Edition, Revised and Expanded (Public Administration and Public Policy):

0 of 0 people found the following review helpful. SchoolBy Beverly ThackerNeeded for school0 of 0 people found the following review helpful. Old and outdatedBy Lorraine F.This text is old and outdated. It was listed as used and in very good condition, but it was far from very good. It has so many different colors of highlighting and ink pen underlining and edge notes is hard to read.0 of 0 people found the following review helpful. GreatBy amaris shaddingI chose this rating because the book is in good condition. I have nothing more I want to say except it was worth it

Organizational Behavior and Public Management reveals how organizational behavior enables managers to direct resources that advance the programs and policies of public and government. This edition offers a public sector perspective of core topics, such as communication, decision-making, leadership, management ethics, motivation, organizational change, participation and performance appraisal. Contemporary Psychology called this book "skillful and comprehensive" There is a need for a text like this the device of juxtaposing theory and application is a sound one." The authors discuss such topics as communication, decision making, worker participation and total quality management, organizational change, management systems, information, computers and organization theory in public management.

Praise for the Previous Edition . . .skillful and comprehensive. . . There is a need for a text like this. . .the device of juxtaposing theory and application is a sound one. ---Contemporary Psychology
