I'm using it to review USC 101, 102, 103 and 112 regulations.0 of 0 people found the following review helpful. Love it.By

Judd Patton Love this book. I'm a law student and it's been a real easy to digest, concise guide to the in's and out's of how patent law works. Includes changes with the AIA also, so it's up to date as of this posting date. 0 of 0 people found the following review helpful. Five Stars By Lori H Great starting point for anyone interested in Patent law.

The fourth edition of this indispensable guide provides a simple and accurate introduction to the dynamics and mechanics of patent law, updated with the latest court decisions and reform legislation.

"A terrific contribution to the art. Professor Durham illuminates the sometimes obscure topic of patent law with clear exposition, detailed analysis, and approachable language. In this rapidly changing field, Patent Law Essentials: A Concise Guide is an important resource for both scholars and practitioners alike."
