From Brand: Nova Science Pub Inc : Personal Identifiable Information and Data Breaches before purchasing it in order to gauge whether or not it would be worth my time, and all praised Personal Identifiable Information and Data Breaches:

The centrepiece of the federal government's legal framework for privacy protection, the Privacy Act of 1974, offers safeguards for information maintained by federal agencies. This title determines whether laws and guidance

consistently cover the federal government's collection and use of personal information and incorporate key privacy principles.
