Duncan McGarry : Police Family Liaison (Blackstone's Practical Policing) before purchasing it in order to gage whether or not it would be worth my time, and all praised Police Family Liaison (Blackstone's Practical Policing):

This is the first practical guide to the sensitive topic of family liaison, aimed directly at the police. It focuses on the key role that family liaison plays in the police service, explains how the role has developed and provides practitioners with a clear understanding of why relatives and friends are entitled to the highest standard of response from the

police --and also why no investigation can be truly effective without this relationship being supported, resourced and supervised throughout. The book covers a wide range of important issues including the development and delivery of training, operating protocols, contacting and establishing relationships with the family, management and mass fatalities. Highly practical, it includes examples, illustrative diagrams, summary sections and checklists, plus a wide range of case study chapters based on key events, including the the Ladbroke Grove Rail Crash, the 2004 Tsunami, the Bali Bombings, the September 11th attacks and the London Bombings of July 7th. This book is a must for all those who work in this difficult area. The Blackstone's Practical Policing Series is a collection of highly practical, up-to-date titles covering a range of essential subjects in today's policing arena. Developed from a detailed understanding of police information needs, this series seeks to explain the relevant law, practice and procedure from a police officer's perspective.

"This book is a long time coming. It is an area of Policing that if used correctly will aid the public in their darkest hour."--Alan Phillips, Detective Constable, Essex Police
About the Author
Duncan McGarry is currently the UK National Adviser for Police Family Liaison and he wrote the national guidelines. He has been a Detective for 23 years and a police trainer, mainly serving in the Metropolitan Police. He has worked on the Stephen Lawrence Enquiry, the Paddington train crash, the London Bombings, the Asian Tsunami, New York 9/11, the Bali bombings and the Marchioness public enquiry. He has also contributed chapters to a number of publications.
