Charles Nemeth JD Ph.D. LL.M : Private Security and the Law, Third Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Private Security and the Law, Third Edition:

0 of 0 people found the following review helpful. GoodBy KJ PThe best books! Recommendations. In addition, the understanding of topics. The right choice, and satisfaction! Very Good!!!! \(\^_\^)/ by @Security_Kr0 of 0 people found the following review helpful. Four StarsBy Anthony ParrishIt was better than I had expected, could not tell that the book was used.0 of 0 people found the following review helpful. Great book to have.By bosfeldWanting to know

more about Security and the Law, then grab this book and give it a read and see what it has to say.

Private Security and the Law, Third Edition is a textbook analysis of significant practices in the security industry that relate to law, regulation, licensure and constitutional dilemmas according to case and statutory authority. It is a treatise on the state of the law that governs the security industry and its operatives. The book fills the void that an increasing number of institutions are seeking as they expand their security programs in response to the growing demand for security education. This book delivers up to date information on the legal requirements witnessed by most security firms. It also explores the liability problems common to security operations, including negligence and tortious liability, civil actions commonly litigated, and strategies to avoid troublesome causes of action that effect business efficiency. From another angle, the work examines the constitutional and due process dimensions of private security work and affords the reader a look at how case law applies certain remedies to wronged parties. Recent cases, and the trends sure to follow, are highlighted throughout the text. Finally, the text is filled with checklists, data and other useful information that aids the security practitioner in applying theory to practice. This book will appeal to students in security and criminal justice programs; private security consultants; corporate security managers; and lawyers. * Up to date case law analysis provides cutting edge legal treatment of evolving standards* Complicated material is presented in a down-to-earth, readable style, perfect for the student of security or security professional* Over 200 tables and illustrations allow the reader speedy access to precise data

The text delivers up to date information on the legal requirements witnessed by most security firms. From another angle, the work intensely examines the constitutional and due process dimensions of private security and affords the reader a look at how case law applies certain remedies to wronged parties. Finally, the text is filled with checklists, data and other useful information that aids the security practitioner in applying theory to practice. Masontown Sentinel Charles Nemeth has release the third edition of his highly acclaimed Private Security and the Law. For years, it has proved to be an indispensable guide to civil and criminal liability stemming from acts or omissions committed by the security function. This newest edition updates the principles with new case law. But the highlight of this book is the chapter devoted to judicial decisions old and new. Other notable chapters cover regulations, licensing, education and training; search and seizure; the interpretation of evidence; and co-operation among public and private law enforcement. Toward the end of the book, Nemeth explores the caster system between security and law enforcement. This section, which explains how to overcome this mentality, is a must-read for security management professionals. Designed for college students with discussion questions following every chapter this book would likewise make an excellent learning aid for training programs and refresher classes. While it reads like the legal text it is, the book is nevertheless well worth investing time in. The Intelligence Group International About the Author Charles Nemeth, JD, Ph.D., LL.M. is currently a professor and the Chair of the Security, Fire and Emergency Management Department at the John Jay College of Criminal Justice in New York, NY. He is a widely published author with over 30 titles to his credit and is a regular consultant to security companies. He holds a JD from the University of Baltimore and a post doctoral degree in Law, Psychiatry and Criminology, the LL.M., from the National Law Center of George Washington University. Dr. Nemeth is a recognized expert in private sector justice, ethical issues in law and legal analysis and appellate practice, and also holds a Ph.D. in Philosophy from Duquesne University. For more than two decades, he has practiced law in both the civil and criminal arena, specializing in personal injury and criminal litigation, and has been active in the North Carolina, New York and Pennsylvania Bars. He regularly consults with collegiate institutions and private sector justice entities. Excerpt. Reprinted by permission. All rights reserved. A unique insightful treatise on the state of the law that governs the security industry and its operatives
