Douglas B. Craig : Progressives at War: William G. McAdoo and Newton D. Baker, 1863-1941 before purchasing it in order to gage whether or not it would be worth my time, and all praised Progressives at War: William G. McAdoo and Newton D. Baker, 1863-1941:

0 of 0 people found the following review helpful. Dual-bio of two major figures. By beanie Excellent book; dual

biography of two major figures in the Wilson Administrations and the Democratic Party of the 1920's and 1930's. 3 of 4 people found the following review helpful. Excellent read
By William Dr. Craig does an outstanding job in comparing both Baker and McAdoo's personalities and politics. This book paints a clear picture of how things occurred back then, which is important to understand if one wishes to understand the United States today. I highly recommend this book for anyone who is interested or studying this time era.

In this dual biography, Douglas B. Craig examines the careers of two prominent American public figures, Newton Diehl Baker and William Gibbs McAdoo, whose lives spanned the era between the Civil War and World War II. Both Baker and McAdoo migrated from the South to northern industrial cities and took up professions that had nothing to do with staple-crop agriculture. Both eventually became cabinet officers in the presidential administration of another southerner with personal memories of defeat and Reconstruction: Woodrow Wilson. A Georgian who practiced law and led railroad tunnel construction efforts in New York City, McAdoo served as treasury secretary at a time when Congress passed an income tax, established the Federal Reserve System, and funded the American and Allied war efforts in World War I. Born in the eastern panhandle of West Virginia, Baker won election as mayor of Cleveland in the early twentieth century and then, as Wilson's secretary of war, supervised the dramatic build-up of the U.S. military when the country entered the Great War in Europe. This is the first full biography of McAdoo and the first since 1961 of Baker. Craig points out similarities and differences in their backgrounds, political activities, professional careers, and family lives. Craig's approach in *Progressives at War* illuminates the shared struggles, lofty ambitions, and sometimes conflicted interactions of these figures. Their experiences and perspectives on public and private affairs (as insiders who nonetheless were, in some sense, outsiders) make their lives, work, and thought especially interesting. Baker and McAdoo, in league with Wilson, offer Craig the opportunity to deliver a fresh and insightful study of the period, its major issues, and some of its leading figures.

"Craig has done a fine job adding to understanding of the politics of the first third of the twentieth century." (Mark E. Benbow *Journal of American History*)
About the Author Douglas B. Craig is a reader in history at the Australian National University. He is the author of *Fireside Politics: Radio and Political Culture in the United States, 1920-1940*, also published by Johns Hopkins, and *After Wilson: The Struggle for the Democratic Party, 1920-1934*.
