This comprehensive book was written for injured workers and their families, and covers topics such as medical care

and treatment, benefits for permanent injuries, insurance company tricks, and what to do if the insurance company denies your claim for workers compensation. Although the law and procedures have become exceedingly complex, this book explains an injured worker's rights in a clear, organized and easy to read format. This straightforward explanation of the legal and litigation process for on-the-job injuries should be a resource for injured workers, union leaders and advocates for the rights of working people. Frank R. Kearney, a founding partner of Donahoe Kearney, LLP, represents people who have been injured and families who have lost a loved one due to medical malpractice, serious car accidents or work injuries. He represents clients in the District of Columbia, Maryland, and Virginia.
