Having read the 13 Strategies book by author Randi Glazer, I wasn't able to control myself from getting this book as well. The pro quotes were really motivating and I think that calling them pearls of wisdom was a really clever idea. It was the title of the book that really got me interested in the first place. After reading this book I have to say that I wish I'd read it earlier as there are so many helpful and precious tit-bits about not only surviving as a working professional but also emerging out of all of it as a winner! But I'm still glad that I found this book now and I'm definitely feeling inspired to put all the important advice by the author in my professional life. Again, I'd recommend this book to everyone who wants to learn from and make use of the valuable advice of an experienced professional herself. 1 of 1 people found the following review helpful. Enjoyable read By Bonnie Morawa Also bought this book from Randi. I am impressed he keeps it simple and real. I love his pearls of wisdom. They bring a refreshing new outlook on the Insurance Industry. All the strategies how to move up in this business is just a great read. I just love how he makes things easy to understand.
