This contains enough legal knowledge to help give the average person a solid base of understanding for things from contract law, leases, wills, etc. It won't make you a lawyer, but you'll be better equipped to read legal documents and know what you can, and can't, do.PROTIP: most textbooks barely change from edition to edition, so do a Google search of their table of contents, and if they match what you need compared to the syllabus, buy the previous edition and save!0 of 0 people found the following review helpful. This book was just fine, no complaintsBy Christopher ChenI bought this for my RE LAW class. This book was just fine, no complaints.0 of 0 people found the following review helpful. It's easy to readBy Charmaine IjeomaThis book puts real estate law in laywoman's terms. It's easy to read, to understand, and to take

notes with it.
