**Gerald Korngold, Paul Goldstein : Real Estate Transactions: Cases and Materials on Land Transfer**

**(University Casebook Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Real Estate Transactions: Cases and Materials on Land Transfer (University Casebook Series):

0 of 1 people found the following review helpful. received with too much highlightingBy Whoare YouOver 50 percent of this text was highlighted when i received it. Other than that, it's a typical boring, dry, legal text book about real estate.0 of 2 people found the following review helpful. Its required for classBy Addicted to What is there to say about this book other then its another textbook required for class. If you don't mark it up you can sell it back and make a good amount of your money back!

This casebook covers all the major aspects of real estate transactions. Updated and expanded, this casebook provides an overview of this growing area of law. Highlights of the new edition include new coverage (cases and materials) of the subprime and mortgage finance crisis, predatory lending, the secondary market, and electronic mortgage systems, as well as a fully revamped and expanded shopping center chapter with new cases and readings. Also included are new cases on the basic elements of the real estate transaction, including brokers, contract conditions, contract remedies, the recording system, marketable title statutes, the Torrens system, and mortgage financing; and revised coverage of commercial transactions including new cases in the areas of commercial mortgages and environmental liability.
