**Gerald Korngold, Paul Goldstein : Real Estate Transactions (University Casebook Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Real Estate Transactions (University Casebook Series):

1 of 1 people found the following review helpful. GoodBy 2 Legit 2 QuitIt's a textbook, so I don't know how much freedom you have in your selection...But this is a good textbook. Has good example contracts, and hypotheticals from real world scenarios involving representing the interests of clients. Lots of practical discussion on how to develop real estate (which is what actual real estate attorneys tend to do).

This statute and problem supplement contains all of the key provisions to real estate transactions in a form convenient

for student use.
