M.A. Fitzmaurice : Recueil des Cours 2001 (Recueil Des Cours/Collected Courses) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Recueil des Cours 2001 (Recueil Des Cours/Collected Courses):

The Academy is an institution for the study and teaching of Public and Private International Law and related subjects. Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law. The courses deal with the theoretical and practical aspects of the subject, including legislation and case law. All courses at the Academy are, in principle, published in the language in which they were delivered in the Collected Courses of the Hague Academy of International Law. The contents of this volume consist of: - International Protection of the Environment by M.A. FITZMAURICE, Professor at Queen Mary University of London.
