Susan E. Dudley, Jerry Brito : Regulation: A Primer before purchasing it in order to gage whether or not it would be worth my time, and all praised Regulation: A Primer:

1 of 1 people found the following review helpful. Keep searchingBy HBPublic choice ideology is the ideology that doesn't think it is an ideology. Book is full of "truisms" such as "Big box retailers with vast resources are the largest

supporters of minimum wage laws that raise the costs of doing business for their mom-and-pop competitors." Really? Wal-Mart is lobbying for increasing the minimum wage? Why are Wal-Mart's wages are so low? Dudley and Brito live in a fantasy world whose only value is utility-maximizing instrumental rationality. 2 of 2 people found the following review helpful. A quick read, and fine basic intro to this whole area. By Phil O. This little book will make a novice pretty quickly into a little bit of an expert. I like it better than the less clear and more scattered business law texts (on this particular sub-area) I've typically been using in college teaching. 0 of 0 people found the following review helpful. Four Stars. By Fabio Goto. Great introduction full with references for further information.

Regulation: A Primer by Susan E. Dudley and Jerry Brito provides an overview of regulatory theory, analysis, and practice. It examines the constitutional underpinnings of federal regulation and discusses who writes and enforces regulation and how they do it. It also provides insights into the different varieties of regulation and how to analyze whether a regulatory proposal makes citizens better or worse off.

About the Author Susan E. Dudley is director of the George Washington University Regulatory Studies Center and a research professor in GW's Trachtenberg School of Public Policy and Public Administration. From 2007 to 2009, she served as the administrator of the Office of Information and Regulatory Affairs. Jerry Brito is a senior research fellow at the Mercatus Center at George Mason University and the director of its Technology Policy Program. He teaches the regulatory practicum at George Mason University School of Law.
