Thomas Hazen : Securities Regulation: Cases and Materials, 8th (American Casebook) (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Securities Regulation: Cases and Materials, 8th (American Casebook) (American Casebook Series):

This edition covers recent developments in the courts and SEC rulemaking, including 1933 Act registration and broker-dealer regulation developments such as FINRA. In addition to the leading cases and SEC developments, the casebook

includes explanatory material to guide the student through this complex maze of regulation. The Eighth Edition enables instructors to easily omit or rearrange material. The problem and documentary supplement, available as a casebook companion, is designed for teachers using the problem method. It contains sample documents including 1933 Act registration and back-up documents.
