David L Ratner : Securities Regulation: Cases and Materials (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Securities Regulation: Cases and Materials (American Casebook Series):

0 of 1 people found the following review helpful. Exellent Condition and Great ValueBy S. RodgersThis book arrived quickly was in excellent condition and a great value, not to mention it was helpful.

Follows the general format of the very popular and teachable earlier editions, with several significant improvements. The new edition also includes extensive descriptions of the changes embodied in the Private Securities Litigation Reform Act of 1995. Covers the basic principles of securities law, the requirements for disclosure by issuers of securities, the "antifraud" provisions, and regulation of the securities industry and markets. Progresses from simpler to more complex developments of the law in each problem area.
