Stephen J. Choi, A.C. Pritchard : Securities Regulations: The Essentials before purchasing it in order to gage whether or not it would be worth my time, and all praised Securities Regulations: The Essentials:

0 of 0 people found the following review helpful. More helpful than the casebookBy Doug MWay more helpful than the textbook by Choi. Very helpful for studying public offerings for my sec reg final.3 of 3 people found the following

review helpful. Must have. By Lauren M. Sullivan Great, concise summary of securities regulation. The book draws relationships between different causes of action and how they can apply in certain situations (ex: whether an exemption under Section 5 will also absolve of liability under Reg FD). 1 of 1 people found the following review helpful. Five Stars By Maira G. So useful! Thank you

Securities Regulation: The Essentials is part of Aspen's new *Essentials Series*, which takes a forest rather than the trees approach to teaching. This concise paperback concentrates on the fundamentals of Securities Regulation and uses a relaxed, personal style to explain them. Suitable for use with any casebook, this text will help students recognize and understand common themes and will precipitate understanding of the topics under discussion. Written by Stephen J. Choi and A.C. Pritchard, two well-regarded young securities regulation scholars in the country today, this outstanding resource:

- Begins with an introduction to the role of information in the decision making processes of investors, then takes up various topics in securities regulation using the framework developed in the first part of the text
- Examines the underlying business problems facing issuers and investors in securities regulation
- Takes a problem-and-solution approach that allows the professor to ask whether the solution currently provided by the law is the best solution and what alternatives should be considered

Students will find the nuts-and-bolts approach of **Securities Regulation: The Essentials** reassuring and illuminating. Require or recommend this straightforward text for use alongside your casebook and watch student comprehension soar. *pp*
