Daniel J. Lathrope : Selected Federal Taxation Statutes Regulations, with Motro Tax Map 2007 before purchasing it in order to gage whether or not it would be worth my time, and all praised Selected Federal Taxation Statutes Regulations, with Motro Tax Map 2007:

3 of 3 people found the following review helpful. UsefulBy Adreanne StephensonThorough with all the important statutes of the tax code in it. The map provides the big picture which is helpful because the individual statutes are just the trees in the forest, but understanding the tax code as a whole and what it is trying to accomplish is just as important.0 of 0 people found the following review helpful. Good tax codeBy Adam HThis is an abridged version of the huge two-volume tax code, and it was missing only one or two sections that we went over in class (sections which were very easy to just print myself). It's like half the size and half the price of the two-volume, so for basic tax law this

book worked very well.0 of 0 people found the following review helpful. Five StarsBy Savvy PletcherIt's the tax code. Make sure you get the right year.

This convenient selection of federal taxation statutes and regulations is designed to provide up-to-date information for students and professors alike. It includes edited provisions of the Internal Revenue Code, Treasury Regulations, and various materials prepared by the Internal Revenue Service. A staple text in law schools, this informed volume is relied upon for its consistent format and extensive coverage. Detailed section titles discuss: Internal Revenue Title Tables, Income Taxes, Estate and Gift Taxes, Employment Taxes, Miscellaneous Excise Taxes, Procedure and Administration, Treasury Regulations, and Generation Skipping Transfers Tax. Detailed appendixes, and Topical Index are also included.
